About: This simple Mortal Kombat flash card game rewards users for answering questions rapidly.

EXPERIENCE

Staff Accountant - NN Designs

2014 - 2015

Lafayette, CO

Automated sales and commission report using Excel VBA macros. Analyzed balance sheets and income-statement reports to predict YOY growth and budget accordingly.

LASER Application Specialist - Control Micro Systems

2013 - 2014

Orlando, FL

Developed over 40 laser optic systems required for processing of materials. Document reports on process parameter and make recommendations for refinement of laser process.

Research Assistant - UF Molecular Biomechanics

2011 - 2013

Gainesville, FL

Invented a patented technology to improve microinjection. Assist graduate research objective in computer vision algorithms.

ABOUT

I see difficult problems as challenges and an opportunity to grow beyond my boundary. I'm a self-starter that takes ownership in my work. I am seeking a high energy company that prioritizes quality work via TDD and has fast development cycles.
